

Feeding on Experience... Nurturing Knowledge

Continuing Education for Lactation Professionals

Since 2007, GOLD has been offering an annual online lactation conference for health care professionals desiring further education in breastfeeding, lactation, and related issues. Bringing an incredibly high-calibre of speakers from around the world, GOLD is unique in the fact that it is affordable and accessible to everyone with access to a computer. Our delegate numbers have grown tremendously over the years, due to the ease of use, wide variety of topics, low cost, and no need to travel. We hope you will join us in May 2012 for another fabulous conference!

"I'll be back for sure! Enjoyed that I could attend after coming home from work, stop to answer the phone, go back and listen to a statement. Wonderful variety of topics and most of the 'greats' of lactation as the speakers. You out-did yourselves!"
